**Stock for Sale:** Dispersal sale of the Nedge Flock, founded 1979.

We have a few yearlings, some 2 year old, and a couple of older ewes, also some very nice ewe lambs well grown seeing they were born March-April.

All yearlings and ewe lambs are by Marches Ulysses (Pure for white).

We have a yearling ram out of Ulysses. The ram lamb from him (sold to Janet Parry) tested pure for white, and I believe most of my ewes are pure for white.

We also have some Ryeland x Texel yearling females for sale. All stock are very quiet and manageable as I spend a lot of time with them. All fully vaccinated with Heptavac-P.
